

**MESSAGE FROM CMD**  
**DELIVERY OF YARD 3020 (KAVARATTI)**

1. GRSE celebrates yet another momentous occasion with the delivery of Yard 3020 (Kavaratti), the 104<sup>th</sup> warship built by the GRSE and the last ship of 04 ships constructed under Project P28, to the Indian Navy.
2. I appreciate the efforts put in by all personnel of the shipyard to deliver this fine ship despite numerous challenges faced during construction and trial phases.
3. While celebrating the achievements of delivering consecutive 04 ships during last four months, that enhanced our confidence level, we must look ahead to our next and immediate target of delivering last two FPVs within the current financial year and the last LCU ship immediately thereafter.
4. I am confident that team GRSE will continue to strive hard to achieve the targets set, find innovative solutions to overcome impediments and continually improve performance benchmarks by sincere and sustained efforts.
5. My heartiest congratulations to team GRSE, especially FOJ team, on this wonderful feat and urge all of you to continue to work with necessary dedication, zeal and commitment in future as well to take this shipyard to greater glory.

Well done, Shabash.

Jai Hind Jai GRSE
