

Message from CMD
Delivery of Yard 2098(INLCU L-57)

1. Another significant achievement for Team GRSE, when we delivered 103rd Warship IN LCU L- 57 to the Indian Navy. The fact that the ship is the 5th ship delivered by GRSE in the current calendar year makes this event quite momentous occasion for all of us.
2. I am most pleased to note that this ship has been made ready for delivery within a month of completion of her FMT. This is a credible achievement and is worth emulating. I also appreciate the sincere and dedicated efforts put in by all personnel of the shipyard to deliver this fine ship despite some challenges faced during various stages of construction.
3. While celebrating the achievement, we must keep in our mind the targets of delivering Yard 3020, last P28 ship, two FPVs and the last LCU ship within the current financial year.
4. I am confident that TEAM GRSE will continue to strive hard to achieve the targets set, find innovative solutions to surmount all impediments and continually raise performance benchmarks.
5. My heartiest congratulations to all personnel of GRSE, especially **Team FOJ** on this wonderful feat.

Well done, Shabash
