

## CVO's Message

Dear friends,

The Central Vigilance Commission (CVC) mandates observation of Vigilance Awareness Week every year in its endeavor to fight corruption. The theme chosen for this year's Vigilance Awareness Week is "सतर्कता: हमारी साझा जिम्मेदारी" "**Vigilance: Our Shared Responsibility**"

While reaffirming our commitment by saying no to corruption and committing to the Nation, we seek the support and participation of all stake holders towards active co-operation in fighting the menace of corruption and bringing about transparency.

A very important function of Vigilance is to help the organization to build efficient & sound processes, systems and procedures thus ensuring transparency and non-discretionary application of rules.

Vigilance is instrumental in creating organizational awareness on the core values of our company and the importance of demonstrating them through our deeds and actions.

On the occasion of Vigilance Awareness Week 2025, I would exhort all employees for an organizational culture based on sound governance, integrity and trust. My urge to every employee is to be aware and understand the functioning of Vigilance which will help in building a transparent and corruption free organization.

I am happy to note that Vigilance Department at GRSE has come out with a special edition of its magazine 'SAJAGATA' on the occasion of VAW 2025 in its endeavor towards vigilance awareness campaign. I congratulate all of you on your efforts and cooperation on successful observance of Vigilance Awareness Week 2025.

  
**Abhishek Ranjan, IOFS**  
Chief Vigilance Officer
