

**MESSAGE FROM CMD**  
**KEEL LAYING OF SVL (YARD 3028)**  
**AND ASW SWC's (YARDS 3030 & 3031)**

GRSE has achieved another significant milestone with the concurrent Keel Laying of three ships, Yard 3028, the 4th & last Survey Vessel (Large) and Yards 3030 & 3031, the 3rd & 4th Anti-Submarine Warfare Shallow Water Crafts. This unique achievement has been made possible by the untiring and dedicated efforts put in by Team GRSE, especially the PP&C, PMT (Chennai), Commercial, QA and Design Departments. Heartiest Congratulations!

We now have a series of challenging milestones ahead of us, which include launching of the 2<sup>nd</sup> P17A (Yard 3023), the 1<sup>st</sup> ASW SWC (Yard 3029) and the 3<sup>rd</sup> Survey Vessel Large (Yard 3027) in the near future. We have to continue to work hard to achieve our targets and find innovative solutions to overcome impediments to continually improve our performance.

Well done, Shabash.

Jai Hind.
