

**MESSAGE FROM CMD**  
**LAUNCHING OF P17A YARD 3023 (INS DUNAGIRI)**

1. The launch of Yard 3023 by the Hon'ble Raksha Mantri today stands testimony to the shipbuilding prowess of our shipyard. The fact that this was achieved despite several technical challenges and also the cascading impact of the Covid pandemic on the supply chain reflects the professionalism, perseverance and result oriented approach of Team GRSE and all the external stakeholders associated with this project.
2. It is also a matter of great pride that this ship is being launched post completion of major part of the shafting related activities. My heartiest congratulations to the Team GRSE on this credible achievement.
3. As we go forward, we cannot afford to rest-our-oars, we have to pull-together and ensure that the momentum of outfitting Yard 3023 is continued while also moving full ahead with the construction of Yards 3022, 3024 & the SVL, ASW SWC, FPV & Guyana Ferry projects.

Well Done, Team GRSE.

Shabash. Jai Hind.
